Synthetic Facility Summary and Default Record

MAT-001 - Meridian Components - Secured Loan Recovery

Matter ID	MAT-001
Document type	Facility agreement summary
Status	Synthetic test fixture - upload and review

Purpose

This synthetic document records the commercial and legal facts for testing MatterBridge extraction and normalization. It is not a real agreement and contains no real personal or financial information.

Parties

Lender: Northstar Bank Ltd. Borrower: Meridian Components Pvt. Ltd. Guarantor: Meridian Holdings Pvt. Ltd. Jurisdiction: India.

Facility terms

Facility amount: INR 48,000,000. Outstanding exposure: INR 31,750,000 as at 15 September 2026. Maturity date: 30 June 2025. Interest rate: 11.25% per annum.

Security

The facility is secured by a first-ranking charge over identified receivables and inventory. The stated security value is INR 42,000,000, subject to confirmation by an updated search.

Default and recovery

The borrower missed the instalment due on 31 March 2025. A demand notice was issued on 21 May 2025. Amount claimed in the notice: INR 32,460,000. Estimated recovery amount: INR 26,000,000.

Open item for review

The priority of the receivables charge must be confirmed before enforcement proceeds. The document supports the existence of the charge but does not establish its final ranking against all competing interests.
